

Specialist Disability Accommodation

Brisbane | Gold Coast | Sunshine Coast

From group homes to private apartments, and 24 hour a day care, you can choose how you live, where you live, and the support you receive. Most of our homes are built to the Specialist Disability Accommodation Standard Design Categories of High Physical Support.

Skilled care 24 hours a day

Our specialist disability accommodation communities provide skilled 24/7 care that is tailored to you.

Our support workers have, or are working towards, a minimum Certificate III qualification and are supervised by experienced health professionals including enrolled and registered nurses.

Holistic approach to living

We take a broad view of health and wellbeing. You can access a support team of therapy assistants and activities coordinators so you can live a full, meaningful life; build capacity; and achieve your goals. In some of the homes, you can also opt in and out of meals provided by our on-site cooks and chefs.

Our 'home for life' approach means that we adapt to changing support needs throughout the life span, and continually work with you to make sure you are receiving the care you need.

**Wesley Mission Queensland
operates 13 specialist disability
accommodation communities
across Brisbane, the Gold Coast
and the Sunshine Coast for
people aged 18 years or above.**

“I now have a lot more independence. I can cook and look after myself properly. I wasn't able to do that in my old home.”

-Lachlan, SDA client

WesleyCare Maroochydore (Group Home)

This group home contains five bedrooms, each with an ensuite and balcony. There is a large shared kitchen, dining room, and an open plan lounge area for entertaining family and friends. There are also two spacious outdoor areas located at the front and the back of the house, along with many garden areas to enjoy.
