

Nursing Care

A registered nurse can support you if you need nursing services performed in your own home.

What nursing care services can you receive?

Nursing support is available for:

- Assisting with medicines
- Managing your continence
- Changing wound dressings
- Monitoring blood pressure
- Assisting with other clinical care needs as advised by your doctor.

How do I access these services?

Our caring, experienced team is here to help you, whatever your needs. If you would like further information, including eligibility requirements for government subsidies and how to access our services, please contact us:

Our Values

Integrity, Respect, Hope,
Empowerment, Justice,
Compassion, Innovation

We have been clients of Wesley Mission Queensland for 8 years and while we were waiting to go into high care, we were offered packages with other providers but we always declined, as we wanted to keep you as our care provider.

Knowing that you are only a phone call away, that gives us the confidence to know that we will overcome our health problems. Your care and your kindness are the reasons why we remain with Wesley Mission Queensland. It's because of your support that we have been able to remain in our own home for so long. How fortunate we have been to have you as our care provider.
